

DIN PICH

Web Developer

+855-86-318-261 monopich1823@gmail.com <https://monopich.github.io/Portfolio/>

ABOUT ME

I am passionate about building user-friendly and visually appealing websites. I am skilled in HTML, CSS, JavaScript and have a strong problem-solving mindset. I enjoy working in collaborative environments and am eager to contribute to a dynamic team.

EDUCATION

2020 - Present	Engineear Degree
ITC	Engineering of Information and CommunicationEngineering at Institute of Technology of Cambodia (ITC)

EXPERIENCE

(July - September) - 2024	School Attendances Management System (SAMS)
CODE CLANS	I work on project School Attendance Management System, called SAMS during my fourth year of internship. It is a digital solution that makes it easier to track and manage attendances with their related information in schools. As a full-stack developer, I am responsible for UX/UI interfaces and design database. I also contributed in backend APIs development using NestJS and frontend using VueJS
(March - June)- 2024	Invoicing System
ITC	I worked on an Invoicing System project during my fifth-year internship. As a full-stack developer, I was responsible for designing and developing UX/UI interfaces. I also contributed to the backend using Laravel and InertiaJS, as well as the frontend using Vue.js. I was part of the SMIS team that developed this project for ITC.
